

Community Health Workers / Promotoras de Salud

The Northwest Georgia Healthcare Partnership seeks a community health worker (CHW)/promotoras de salud (promotora) to work as a liaison between individuals and health care and social service organizations. CHWs strive to improve the knowledge of available health care services and specific health issues. The position reports to the director of the CHW/promotora program.

JOB SKILLS REQUIRED:

- high school diploma or GED
- sincere interest in health care and health education
- good communication skills
- bilingual Spanish and English
- willing to be trained in preventive health education and on specific health issues
- flexibility of time
- ability to work effectively both independently and as a team member
- strict confidentiality protocols

DUTIES AND RESPONSIBILITIES:

- conduct community outreach activities as described below and in clinic settings
- encourage exchange of ideas regarding specific education information, referral, and follow-up on chronic disease
- appropriate distribution of educational materials
- appropriate referral and follow-up
- responsible for monthly and quarterly activity reports
- attend community and staff meetings
- perform other duties as needed

Please respond with resume or letter of interest to:
